CASE Study

Odour Control Pipework Installation

As part of a programme of ongoing works at Thames Water's Beckton site, UKSE Group were engaged to support the mechanical installation of new odour control pipework.

The pipework consisted of several long, complex runs requiring onsite modifications to accommodate other assets and structural steel components. Works were completed to a high quality and finished on time improving the resilience of this critical site.

We deliver...

With a wealth of experience, across a wide variety of sectors, **UKSE Group** has provided an unrivalled specialist service.

UKSE Group provide a wide range of expert mechanical and electrical engineering personnel. Ensuring the right skills and resources are available for our clients at all times.
