UKSE GROUP
PEOPLE AND PROJECTS FOR INFRASTRUCTURE

CASE Study

MEICA works at Mogden STW

Due to a major sporting event putting increased flows on the site, UKSE were called upon to support their client with major improvement works to the storm tanks. This required repair and reinstatement to blowers, actuated valves and diffusers.

UKSE Group provided 3 teams consisting of site supervisors, mechanical fitters & electrical technicians to complete the work safely and swifty, restoring the site's capacity in a very short timescale.
